To whom this may concern

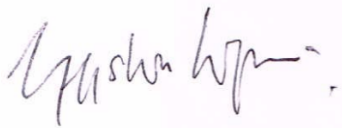

I have known Rabbi Yehoshua Gerzi for many years. He is a Bal Middos, Talmud Chacham and Leshem Shmayim. I am in touch with Rabbi Gerzi on a regular basis. Consulting me, whether it be with Halacha, his fine Beis Hamedrash or his other wonderful activities and programs, helping and aiding Am Yisroel in all ways and in many places.

I am excited to hear about his latest endeavours, the Arba Yesodos program and the programs on emotional health. I fully support his project to set up a Learning Centre and wish him every success. I pray that these wonderful helpful and very insightful programs reach many people. They should impact and inspire people to live better lives, as I believe fully they will!

Wishing much Bracha and Haltzlacha with all these endeavours.
